CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY

This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in nine epidemics of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of colic and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.

In the judgment of those who know, we are equipped by our experience to serve correctly in our professional capacity. People are impressed by the dignified quality of our assistance.

Mrs. Grover Garrison spent Tuesday in Springfield.

Bring baby under six weeks and get "First Shoes Free" Durnil's. 22tm

CURED OF STOMACH TROUBLE AND CONSTIPATION

Rachel Cribley of Beaver Dam, Ohio was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets" she says "that I procured a bottle of them at our drug store to try. A few days treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me."

A Tribute

Our ability, to explain in print why The Hoover excels, is dwarfed by the enthusiastic endorsement of a half million Hoover users, thousands of whom have been using Hoovers on their carpetings for the past ten or twelve years.

MILLINERY

It is our privilege to offer beginning Tuesday, a shipment of Gage Hats that we have just received from these well-know creators of authentic and original designs in millinery.

In this collection of models are used fabrics of such marked merit that the designers were able to produce what has been termed the most artistic line of headwear seen for many seasons. Some of the hats are made of a rich quality of Lyons velvet, others of peach skin—a high grade of duventyn—some of brocades, plushes and taffetas; and in others, two or more of these fabrics are artistically combined.

The range of colors includes, in addition to black, navy and taupe such shades as rosewood, pheasant red, pheasant brown, gladiola red, burnt orange and surf green.

Metallic trimmings, laces, braids and embroidered soutache designs are in evidence, as also is angora yarn used in conventional designs. In the soft hats a large variety of fabrics are embroidered with an equally large variety of braids.

There are many small hats of unique design; others in the popular sailor shapes with both the narrow flat and large drooping brims. The hats all bear the **Gage Mark**, and this showing affords you an occasion to become acquainted with the newest things in Gage Millinery for Fall.
